

Honorable First Lady of The United States of America

May.23, 2008

Dear Mrs. Laura Bush,

I have addressed this letter to your attention with the hopes of receiving a response. Over the past years I have written many letters, addressed to former late President Ronald Reagan, former President Bush senior, Bill Clinton and to world leaders around the globe. My letters have expressed my concern with issues affecting mankind on a global level. I have received many replies from several world leaders, for example, Bill Clinton, Tony Blair, Gordon Brown, Prince of Wales, Ariel Sharon and also Her Majesty the Queen, just to name a few. On the contrary I have never received any reply from former President Bush senior or current President George W. Bush. But this does not affect my feeling of unparalleled respect for the Bush family.

My deepened respect for the current President George W. Bush is drawn from his brave action to topple Saddam Hussein, one of the worst dictators the world has seen. I have sent a previous letter to George W. Bush dated October 20, 2007 regarding the Iraq situation and my view regarding "***A Long Term Solution For Peace***" (which I have enclosed). One of my employees recently came across an article titled "***Bush's Former Oil Company Linked To bin Laden Family***", that was brought to my attention. This article was very disturbing to me, because I have a lot of love & respect for the Bush family. I am bringing it to your attention with the hopes that you would address the content of this article. This article should not be in public domain, should it not be addressed and removed then I would be left to assume that its facts are relevant and will proceed to have it posted on my website.

I welcome you to visit my website www.omnisearch.org to view my plan of action for a world peace solution, inclusive of every race and religion without borders. I would also invite you to visit my personal website www.mahmudhussein.com which is currently under construction with anticipated completion in the very near future. Once again I would like to express my love and respect for the Bush family and await your timely response.

Sincerely,

Mr. Mahmud Hussein
